

### *Message from Your President*

We're looking forward to an exciting summer with Summit Scribes. Many guilds take a break for the summer, but we've always enjoyed great meetings and a fun picnic. I hope you'll set aside the second Tuesday of every month to join us.

Since the first of the year, small groups have been meeting outside of guild time. These groups were created around shared interests within the field of calligraphy. There are currently four small groups meeting, and they will be sharing what they've been up to at our June meeting. At least one new group will be starting - a beginner's group with Cindee Huwe. More details at the meeting.

Also at the June meeting, we plan to have a 'garage sale' for unused or unwanted calligraphy supplies. Take a look at your studio and decide if you want to sell some things, or bring some cash to take treasures home.

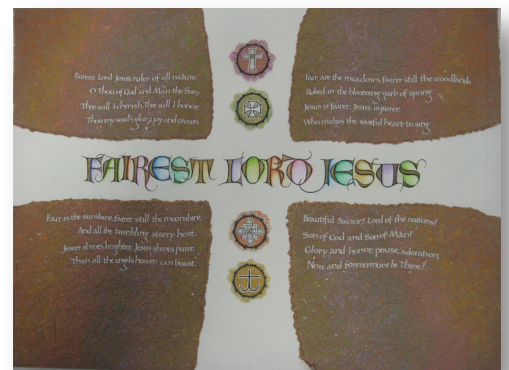

July we meet for our annual picnic. This year we will be gathering at Leslie Boehm's home in Monument. Check out your roster for Leslie's address and contact info. Call her to see what you can bring.

In August we will have a demonstration from a Golden Paint representative at our regular meeting. More details on this in the coming months.

I'm teaching a brush lettering class at Bemis Art School beginning June 13. Call Bemis school for details.

So you see, summer is an exciting time for Summit Scribes, and we hope you'll join us!
